

Align Aerospace receives Best Supplier Award from Daher

Paris - France, Los Angeles - USA, [4th April 2016] /PRNewswire

Daher ("Daher") is a leading equipment manufacturer developing integrated industrial systems for aerospace and advanced technologies, as well as the world's oldest aircraft manufacturer in operation today, having built airplanes for more than a century.

Align Aerospace Holdings Inc. ("Align Aerospace") is a wholly owned subsidiary of AVIC International and provider of hardware components, logistics and supply chain solutions for the aerospace industry.

As part of the Daher Supplier Day held today in Paris, where about 400 people representing 200 companies attended, Daher has awarded the 2016 Best Supplier Award to Align Aerospace.

Didier Kayat, CEO of Daher, congratulates Align Aerospace for its operational and commercial performance while implementing Direct Line Feed programs at two Daher sites, with two more sites to be implemented this year. These programs have contributed strongly to reducing Daher's inventories and indirect costs, while improving operational performance.

Jérôme de Truchis, CEO of Align Aerospace, said: This award is a wonderful recognition of the work performed by Align Aerospace teams. Align Aerospace has implemented Direct Line Feed programs which are delivering thousands of different products to Daher sites in "just in time". Beyond the excellent on-time and quality performance, Align Aerospace teams have demonstrated a true partnership spirit, by constantly going the "extra mile" to successful implementation, and full customer satisfaction.

About Daher

Daher is an equipment supplier developing Integrated Industrial Systems for aerospace and for advanced technologies.

By combining its know-how in industrial manufacturing, in product and process engineering, logistics and transport, and in industrial services, Daher designs and develops value-added solutions for its industrial partners, who derive the benefit from this convergence of industry and services. Daher has established itself as a leader in 5 fields of activity: aircraft manufacturer, aerostructures and systems, integrated logistics, nuclear services, and valves.

Daher generates a turnover of nearly one billion euros, with an order book which corresponds to more than three years of turnover. Driven by bold innovation ever since it was founded in 1863, Daher has established itself today as one of the major players of the 4th industrial revolution
