PRESS RELEASE

ORGANIZATIONAL ANNOUNCEMENT

August 1st, 2017

I would like to announce, that Brad Strella has accepted to join Align Aerospace starting August 14th 2017 as Vice President of Sales for the Americas, reporting to me.

Brad Strella has an extensive career in the Aerospace industry, including some of the major hardware manufacturers and distributors including Textron/Cherry, Wesco and KLX, with a proven track record of growth.

Matt Connor will continue reporting to me in his new role of Vice President of Sales for Americas' Strategic Accounts.

Brad's main objectives will be to manage the overall Align America Sales team, including outside, inside sales and CSRs. He will drive the growth for his territory, in close cooperation with Matt, as well as developing cooperation and cross functional projects with his peers to build a stronger Align in China and in Europe.

This organization change is another sign that Align Aerospace continues to strengthen its teams and investing in the business.

Kind regards,

Jérôme de TRUCHIS
Chief Executive Officer
